DPDP basics for anyone collecting leads in India

Written for marketers and SME owners, in simple language.

The timeline

13 Nov 2025	DPDP Rules 2025 notified
13 Nov 2026	Consent Manager rules start
13 May 2027	Most duties for businesses apply

1

Consent must be clear

Under Section 6, consent must be free, specific, informed, unconditional and unambiguous, and given by a clear action. A pre-ticked box doesn't count.

2

Tell people why you collect their data

Give a clear notice: what you collect, why you need it, and how they can withdraw consent or raise a complaint.

3

Make it easy to say stop

Withdrawing consent should be as easy as giving it. Every email, SMS and WhatsApp list needs a simple opt-out.

4

Ask only for what you need

Collect the details you need to respond, and delete them once the purpose is over.

FASTGROWS

Penalties can go up to ₹250 crore

That is the maximum for failing to take reasonable security safeguards to prevent a personal data breach.
