FASTGROWS

A follow-up routine for B2B enquiries

What to do on day 0, 1, 3 and 7 after someone enquires.

FASTGROWS

Most of the time the buyer is busy, not uninterested.

If nobody follows up with something useful, the enquiry slowly gets forgotten.

Day 0

Reply on the same working day

Thank them, confirm what they asked for and tell them when they will hear from you next.

Day 1

Send the details on email and WhatsApp

Send the quote or brochure on email for records, and a short WhatsApp note if they have agreed to messages on WhatsApp.

Day 3

Send something useful

A case study, a sample photo or a spec comparison works better than "just checking in".

Day 7

Make a short call

Ask what they need to make a decision, and listen.

FASTGROWS

Write down every call and message

Use your CRM or a shared sheet, so anyone in the team can pick up the conversation.

Want help setting this up?

We set up follow-up systems with WhatsApp, email and a simple CRM for SMEs.
